VIENNA'S LEADING PRIVATE HOSPITAL

CHECK UP

TAKE CARE AND BE HEALTHY

Special Offer for Contributing Members of the VIC Staff Associations and Unions

WELCOME TO RUDOLFINERHAUS PRIVATE HOSPITAL

RUDOLFINERHAUS private hospital is Vienna's most traditional private clinic and for more than 130 years has treated Austrian and foreign patients in the tradition of the Vienna School of Medicine with highly qualified specialists, the most up-to-date facilities and its own academically trained nursing staff.

The RUDOLFINERHAUS employs not only specialists and general practitioners – its emergency department also offers an 24/7 anaesthesiology team, which also supports the Intermediate Care Unit. Employees are fluent in many foreign languages.

Its location in the middle of a large park in Vienna's noble 19th district, its medical excellence, the individual nursing approach and the service of a luxury hotel make the RUDOLFINERHAUS private clinic the first address for patients from Austria and abroad.

CARE FOR YOUR LIFE!

Many things you might take for granted in your everyday life are only possible when you are healthy.

Are you living an active and agile life? Do you successfully balance your work and private life? Then you shouldn't take any risks for the future – pay your health the attention it deserves. Because health is your most important asset.

PREVENTION IS BETTER THAN HEALING

Medical prevention has taken on increasingly more significance in the last decades. Due to the continuously growing knowledge regarding the causes of diseases and the ongoing developments in diagnostics and therapy, one undeniable principle applies: prevention is better than healing.

Many health disorders and the resulting secondary complications can be diagnosed early on through regular preventive checkups and can thus be treated successfully. Regular medical checkups therefore represent worthwhile investments into your health.
