In just a few steps to your custom-made shoes:

1.

Choice of your desired model

Make an appointment or just drop by our shop at Schüttaustraße 14, 1220 Vienna and choose the model you want. A variety of elegant and timeless models and leather patterns are available to you.

2.

Take your measurements - measure your measurements

After you have placed your order, we take measurements. Every foot is different, so the perfect fit is determined in order to guarantee you the highest level of comfort.

3.

Production, delivery & fitting

Each of our bespoke shoes is unique. Your bespoke shoes will be made specially for you within 4-5 weeks. As soon as they are finished, we will contact you for a fitting. This also takes place in our shop at Schüttaustraße 14, 1220 Vienna.

4.

Perfect fit

Our custom-made wood-nailed shoes are made in small series by master craftsmen. The perfect fit results from over 250 work steps. With wood nailing, the floor, insole and upper leather are connected to one another by small wooden nails. This gives the shoe first-class stability that guarantees a long service life.

5.

Timeless elegance and best wearing comfort

We hope you enjoy every step.
