As a **premium property developer**, Glorit concentrates exclusively on building **one-family houses and apartments** – we currently offer **more than 100 projects**. Glorit only builds in **prime locations**, and this mainly in Vienna's 21st, 22nd and 23rd districts, as well as in Klosterneuburg, Groß-Enzersdorf and Langenzersdorf. This means that our customers either live directly on the **Old Danube and close to the VIC** or in the middle of the countryside, while at the same time always having excellent transport connections.

For any Glorit house or apartment with at least 2 bedrooms, you get your customized kitchen with top appliances from Miele for free.

My team and I look forward to meeting you.  
Seven days a week – including evenings.
