highly qualified doctors

medsyn medical center is a modern center of doctors and therapists with a wide range of specialties. Our priority is supporting our patients' health and wellbeing and positively influencing their quality of life.

We desire to offer a treatment plan fitted to the individual needs by assessing the patients and taking their unique needs/requirements into account. Besides the qualification of our team of doctors and therapists, we strongly emphasize trust in our collective therapies and treatments.

We are a team of highly qualified doctors and therapists with a great diversity of specialties united in one location. By sharing knowledge, supporting each other, and working together, our patients benefit from the entire team in a One-Stop-Shop-Principle.

We treat our patients at our medical facility and Vienna's most renowned hospitals, such as the General Hospital, Orthopaedic Hospital Speising, Rudolfinerhaus Private Clinic, etc.

more details,

fees and location

■ Priority appointments and flexibility

We offer same-day (or as fast as possible) doctor and therapist appointments.

We provide the highest degree of flexibility in scheduling your treatments and therapies for UN staff—even on weekends and evenings. The wait time in our medical center is reduced to a minimum.

■ International

The staff and our specialists speak many languages, like English, Russian, French, Italian, Spanish, Slovak, etc.

■ Reduced fees and benefits

As we feel that it is a privilege offering your staff our services, we can offer reduced fees of up to 25% depending on the services. **This is an exclusive offer for contributing members of the VIC STAFF Associations / Unions.**

■ Payment

The fees for your appointment can be paid in cash, by debit card, or by Visa and Mastercard. We do not accept bank transfers. You can find a list of our fees at:

www.medsyn.at/serviceleistungen-und-ordinationsablauf/

■ Medical insurance

If you need any help to reimburse your medical insurance fees, we provide full support, including correspondence, detailed medical reports, etc.

■ Therapeutic tools

We offer the UN Staff Council Vienna patients a wide range of therapeutic tools, which are provided in our practice, including shoe inlays, therapeutic girdles, crutches, bandages, etc.

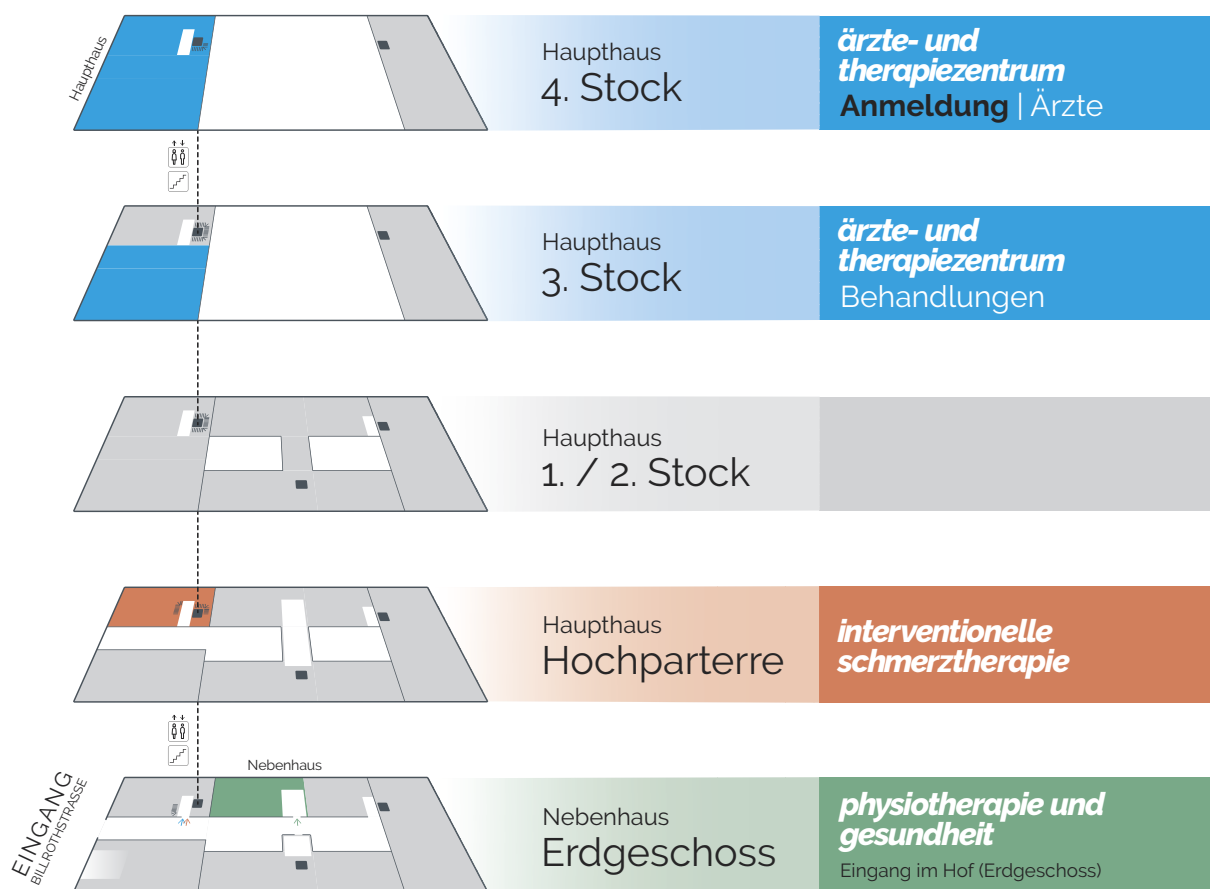

■ Arrangement of hospital stays and diagnostics

If hospitalization is needed, we provide full planning of your stay, daily visits, and, if applicable, surgeries are conducted by our highly professional staff.

Due to our extended network of professionals, almost all exams and therapies in the medical field can be managed and organized through us or can even be accomplished in our practice, including blood work, ultrasound, echocardiography, etc.

■ Location

Due to our location, we are easily accessible. Our facility extends over four floors and 720 sqm (7750 sqft). Our bright, modern furnished, and spacious rooms intend to make our patients feel comfortable.
