★ We help you loose weight, build lean muscle, fight back pain, fight knee pain, diabetes, build strength, stronger joints and better posture, maintaining those outcomes over the longer-term.

★ We use a form of Electro Muscle Stimulation (EMS) technology to enhance a fitness training system consisting of full body exercises without stressing the joints.

★ The result is a highly effective 20-min fully individualised exercise & lifestyle programme that enables you to get fit, burn fat, tone up and strengthen all your joints - while building incredible muscle strength & endurance - fast!
