**Summer CAMP 2025**

Soccer is a reasonably safe activity as long as certain guidelines are followed. It is both an aerobic and anaerobic activity that can significantly improve muscular and cardiovascular strength and endurance. In a competitive environment, it can be played in a very fast-paced and aggressive manner. If your child has any physical condition that precludes him/her from participating fully in this soccer program, he/she should not participate. By deciding to participate, you are acknowledging that your child is both physically fit and skilled enough to play in a safe and responsible manner. Although the likelihood is minimized if your child participates carefully, there is always the possibility of injury.

By signing this form and agreeing to the participation of your child in this SUSA program, you are acknowledging that you know, understand, and appreciate the risks inherent in the sport of soccer. Further, you agree to accept and assume those risks on behalf of your participating child, and you agree to release, waive, discharge, and covenant not to sue Soccer4kids KG or FC SUSA Vienna, the organizers, promoters, volunteers, other participants, officials, sponsors, and everyone else associated with us for any loss, claim, or injury that you or your child might suffer by participating in this soccer program.

SUSA also endeavors to capture the action and spirit of our programs with controlled **photography**. Photos taken during our activities may appear on our social media (Website, Facebook, Instagram) or flyers promoting SUSA and our sponsors. We will also send a selection of photos to participating families via email or drop-box.

In case of a short notice cancellation, we would prefer to give you some credit for upcoming SUSA programs. If you prefer a monetary refund, the administrative fee of € 55,00 won't be discounted from the refund.

By signing this registration form you assure to have read this form carefully and have decided to enroll your child voluntarily and according to the stipulations as described in this document. You acknowledge that your questions and concerns, if any, have been answered to your satisfaction.
